

Leksell Gamma Knife® Icon™ - Elekta Care Platinum

Article No : SN-ICON-Z

The Platinum program is designed to offer the most comprehensive level of support, thereby increasing convenience and assuring maximum availability and safety for Leksell Gamma Knife® Icon™. Extends the Gold Service & Support Program in several value-adding ways:

- Management Service reviews for continuous improvements in clinical effectiveness
- On-call visits by Elekta certified engineers to resolve urgent technical issues on-site
- Software upgrades of all newly released features of Leksell Gamma Knife software
- Complete parts coverage
- Full set of consultation services including data server and IT networking support and physics support
- Obsolescence Management for the computer hardware and Leksell Coordinate Frame.

For continuous maximum clinical performance and effectiveness—choose the Platinum Service & Support Program.
